

JANNATUL MAUYA NABILA

Aspiring AI/ML Engineer Undergraduate Student

Sylhet, Bangladesh | Jannatulmauyanabila@gmail.com | [LinkedIn Profile](#) | github.com/Jmauya

PROFESSIONAL SUMMARY

Motivated undergraduate Computer Science student with hands-on experience in full-stack web development, machine learning, and Java application development. Demonstrated ability to contribute to real-world projects independently and within collaborative teams. Passionate about AI/ML and building practical software solutions. Actively seeking opportunities to apply technical skills in a professional environment.

EDUCATION

B.Sc. in Computer Science & Engineering

2024 – 2028 (Expected)

Metropolitan University, Sylhet, Bangladesh

Higher Secondary Certificate (HSC) – Science

Sep 2020 – Dec 2022

SCHOLARSHOME, Sylhet, Bangladesh

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, HTML, CSS

Frameworks & Libraries: React.js, scikit-learn, pandas, NumPy

Tools & Platforms: Git, GitHub, VS Code, IntelliJ IDEA, AWS

Concepts: Machine Learning, REST APIs, Session Management, Agile Development

PROJECTS

Read.TXT – Simple E-Reader Application (Individual)

A lightweight Java Swing desktop application for reading TXT files, featuring text highlighting, notes, font control, multiple themes, and a built-in reading timer.

Tech: Java, Java Swing

GitHub: <https://github.com/Jmauya/ReadTXT.git>

Ed-Tech – Full-Stack Online Learning Platform (Group)

A comprehensive full-stack online programming education platform enabling students to browse, enroll in, and manage structured courses. Administered a powerful course management system for instructors and administrators. Responsible for the Auth & User Module including login, registration, dashboard, session management using localStorage, and footer component.

Tech: React.js, JavaScript, JSX, localStorage, HTML/CSS

GitHub: <https://github.com/muhhtasim/Ed-tech.git>

Diabetes Prediction Model – Machine Learning (Group)

Developed and trained a supervised machine learning classification model to predict the likelihood of diabetes in patients based on medical input features.

Tech: Python, scikit-learn, pandas, NumPy

GitHub: <https://github.com/Jmauya/Diabetes-prediction.model.git>

EXPERIENCE & LEADERSHIP

Intern

Present

Amader Bashundhara CSE

- Contributing to technical projects and gaining industry exposure in a professional CSE environment.

Executive Member

Mar 2025 – Present

Metropolitan University Model United Nations Association (MUNA)

- Coordinating events, managing logistics, and supporting the organization of MUN conferences.

- Developing public speaking, diplomacy, and leadership skills in an academic context.

Deputy Coordinator

Jul 2025

Metropolitan University Model United Nations Association (MUNA)

- Served in a leadership role during a MUN session, overseeing delegate coordination and session proceedings.

CERTIFICATIONS & TRAINING

- AWS AI Practitioner Challenge – Amazon Web Services
- Understanding Artificial Intelligence – Online Certification

ADDITIONAL SKILLS

- Fluent in English (written and verbal communication)
- Strong teamwork, collaboration, and interpersonal skills
- Detail-oriented with a commitment to delivering quality work
- Adaptable and self-motivated with a continuous learning mindset
